THOUGHT OUT TO THE LAST DETAIL

PERFECT CLEANING

with high level of drying

Ideal for sensitive floors.

3in1

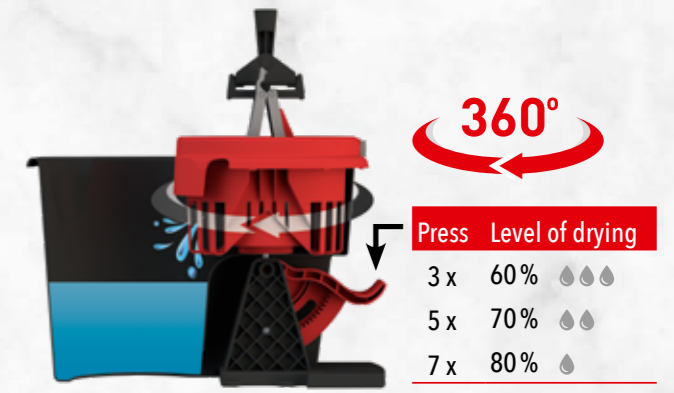

Can be used with duster, pocket mop and bracket mop

Large footswitch for convenient opening – Mop pad does not have to be picked up with hands

Magnetic dust cloth can be attached conveniently

Rotation principle with deep splash protection, high level of drying and large foot switch

Large footswitch

Spin function

The magnetic duster is perfectly suited to wipe dry floors without bringing up dust. Electrostatic charge in the duster holds dust, dirt and pet hair efficiently. The dirty is released only when duster is rinsed out.

Overview of features
